Information Disclosure Statement

1. The information disclosure statement (IDS) submitted on February 7, 2007 is acknowledged. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Allowable Subject Matter

2. Claims 1, 3-7, 9-13, 15-18, 26, 28, and 30 are allowed.

Reasons for Allowance

3. The following is an Examiner's statement of reasons for allowance:

The closest prior art is to Huang et al (U.S. Patent No. 6,151,582), and Papageorgiou et al (Faster Evaluation of Multidimensional Integrals). Huang et al teach the creation of an integrated production, sales and inventory plan, and providing a projection concerning what is feasible in the production, sales and inventory plan. Papageorgiou et al teach the concept of using multidimensional integrals relating to product production. However, the combination of Huang et al and Papageorgiou et al fails to teach determining an infeasible region, the infeasible region comprising conditions where a supply of the components fails to meet a demand for the production for the products and a sum of multidimensional integrals to estimate of mean production for the products as recited in independent claims 1, 7, and 13.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
